

COVID-19 Privacy Notice for Frimley CCG

The health and social care system is facing significant pressures due to the Covid-19 outbreak. Health and care information is essential to deliver care to individuals, to support health and social care services and to protect public health. Information will also be vital in researching, monitoring, tracking and managing the outbreak. In the current emergency it has become even more important to share health and care information across relevant organisations.

NHS COVID-19 vaccine deployment and your data – 22nd December 2021 update

On 12th December 2021, the Prime Minister addressed the nation on the latest situation with regards to the Omicron and other variants. On the same day, the Chief Medical Officers also recommended that the alert level be raised from three to four.

The UK government detailed their immediate next steps for deployment and the NHS were asked to offer every eligible adult over the age of 18 a booster vaccination by 31 December.

To this end, all system partners, including CCGs, local authorities, other public sector organisations and the voluntary and community sector, were asked to prioritise delivery.

Frimley CCG are consequently redeploying certain administrative and clinical staff to support delivery of the vaccination programme between now and the new year, and are doing as much as possible to offer immediate additional administrative support to all VC and LVS sites, and to support the organisation and delivery of community outreach vaccination through the use of mobile and pop up clinics.

To fulfil this objective, the CCG may use your personal data to:

- Offer vaccination appointments to people within the community
- Focus on reaching the most vulnerable people and ensuring access for all communities
- Ensure that GP-led teams are supported to complete care home and housebound vaccinations as soon as possible

Extremely Vulnerable Persons Service

The government is collecting information across England on people who are extremely vulnerable in relation to the COVID-19 virus who have been directed to stay at home and who need support with essential tasks such as getting food and medicine and accessing health and care services and support.

The government is sharing this information with the NHS Frimley CCG for the delivery of the extremely vulnerable person's service as tasked by government in order to:

- facilitate the health and wellbeing of people who are extremely vulnerable
- ensure they can obtain essential supplies
- enable access to medical, health and mental health support

The legal basis for the CCG to process is provided by the General Data Protection Regulation (GDPR) Article 6 (1) (e) Public Task.

The CCG is relying on GDPR Article 9(2) (a) and the Data Protection Act 2018 to process special category (sensitive) personal information such as health information.

Please note that the information being shared under Covid-19 directions is for the provision of direct patient care and will not be used by the CCG for commissioning purposes.

For further information on how the CCG processes and shares information or requests for access to personal information please refer to the CCG's Fair Process Notice which can be accessed via the following link:
